# #Back2Track

## PROJECT BACK2TRACK

Back2Track will focus on analyzing the differences and similarities that sport clubs have in the approach to professional and grassroots sport and in innovative approach of including kids with disadvantage background in sport and physical activity. As most sport clubs in Europe are implementing both programmes for high level sport and grassroots sport and most of the administration in this club has professional education and experience in the field of professional sport, it is needed to be created new approach for the sport club, focused on grassroots sport.
